Story Thus Far...

It is the Era of the Warring States. Usagi is a failure as a ninja, but she is a skilled herbalist. She is working hard to qualify as a ninja so she can be the bride of Hattori Hanzo (aka "Shamo no Hanzo")!

Usagi is captured by Hikaru and taken to Kauga. Goeman comes to save her, but Hikaru forces him to drink an asphyxiation potion and attacks him! On top of being in bad shape because of the potion, Goeman is now critically wounded.

Later, Hikaru sets fire to the village and attacks village leader Kankurou, creating havoc everywhere. Surprisingly, Goeman tries to protect Hikaru. As it turns out, Goeman was once Hikaru's only childhood friend. Because Goeman unintentionally broke a promise he made to Hikaru, Hikaru has not been able to believe in anyone since then.

The incident at Kauga was settled, and Usagi returns to Iga to practice her mojutsu. Suddenly, her great-grandfather appears and tells Hanzo the engagement is cancelled?!
